**THE ICE CLUB OF GREATER WINNIPEG**

# Greetings

---

Once again as a climax to a busy season of skating activity the Ice Club of Greater Winnipeg presents for your approval its annual review. The principal object of the Ice Club is to make available to every child the beautiful art of Figure Skating at a minimum cost. Tonight it is our pleasure to show parents and friends the progress made by our skaters and it is sincerely hoped that you will agree that real achievements have been accomplished. Our membership fee is inexpensive and open to all, and you are invited to join us when we start off again next September.

In the meantime let us all enjoy
